

NCCVT AED Apprenticeship Grading Weights

Due to the changes made in the 2020-2021 School Year around the need to take the theory portion of our AED Apprenticeship and Technical Training Programs online, we will be using the following grading weights in order to ensure our Programs are all structured the same while making our students accountable for completing all of their assignments.

Assignments Weights (Percentage of Final grade)

Summative Assessments- 70%

- End of Module Exams
- Large hands-on Projects/Essential Skill Demonstrations

Formative Assessments- 20%
