

NCCVT AED 2020-2021 Program Offerings:

Please refer to the chart below for NCCVT's AED Program Offerings, Costs, and Locations.

- All NCCVT AED programs have a \$150.00 Admin Fee and \$350.00 Tuition Fee (\$150.00 + \$350.00 = \$500.00 Total Program Cost due at Registration) unless otherwise noted. Programs with different total Program Costs are **Highlighted in Yellow.**
 - Due to our inability to forecast how COVID-19 will affect the school year and the hands-on training we are able to provide throughout the school year, our programs will be offered online through Schoology's Learning Management System while incorporating a Zoom Class Meeting component and hopefully an additional hands-on instruction component. Our ability to offer hands-on instruction will be completely dependent on our ability to do so while keeping our staff and students safe while practicing any and all health and safety guidance related to COVID-19.
 - The tuition for our Welding Program has been drastically reduced due to the affects COVID-19 will likely have on our hands-on training. The tuition for the Welding Program will transaction back to its previous level in the future when we no longer have to worry about how COVID-19 will affect our staff and student safety.
 - All fully and/or almost fully hands-on programs (Auto Body, Auto Tech, 72-Hour Welding) have been suspended for the 2020-2021 School Year due the likelihood of COVID-19 impacting our hands-on training schedule throughout the year.
- State of Delaware Registered Apprentices must provide a copy of their current, signed, and fully completed State of Delaware Apprenticeship Agreement in order to receive the State of Delaware Registered Apprentice Tuition Waiver. Students who provide their Registered Apprentice Agreement along with their Registration Form and Payment at the time of registration are only required to pay the \$150.00 Admin Fee for their program.
- All students are responsible for paying the admin fee for their program (which includes the cost of their textbooks) regardless of their Registered Apprentice Status.
- Please mail your completed Student Registration Form (**the information on this form must be typed so we can ensure we have accurate student data and contact information**), a completed copy of your State of Delaware Registered Apprenticeship Agreement (if applicable), and your full payment to:

**Marshallton Education Center
Apprenticeship and Technical Training Office
1703 School Lane,
Wilmington, DE 19808**

- Once a student's registration has been processed and he/she has been enrolled in their Program, he/she will receive an emailed receipt from the AED Office.

Monday/Wednesday – Delcastle	Tuesday/Thursday - Delcastle	Monday/Wednesday - Hodgson	Tuesday/Thursday Hodgson
Carpentry	Electrical	CNA - 1 Yr- \$150 admin + \$550 Tuition= \$700	ASE Auto Tech
